

VIRIDIAN METALS ANNOUNCES OPENING OF TRADING ON TSX VENTURE EXCHANGE ON NOVEMBER 14, 2024

Not for distribution to U.S. news wire services or for dissemination in the United States

Vancouver, B.C., Canada – November 12, 2024. Viridian Metals Inc. (TSXV:VRDN) (the “**Company**”) is pleased to provide an update to its press release dated November 6, 2024 in order to confirm that its common shares will open for trading on the TSX Venture Exchange on November 14, 2024 under the ticker symbol “VRDN”.

While the Company had initially anticipated trading to commence on or about November 8, there was a technical issue experienced with SEDAR+ which delayed the public release of the Company’s filing statement dated October 28, 2024. The filing statement, as well as all of the material documents relating to the Company’s qualifying transaction are available for consultation under the Company’s SEDAR+ profile.

Tyrell Sutherland, Viridian’s CEO, stated “We appreciate our shareholders’ patience during the unexpected delay in trading. We are pleased to share that the issue has now been resolved, allowing us to resume trading. Thank you for your continued trust as we move forward with renewed energy and excitement in delivering on Viridian Metals’ vision.”

Cautionary Statement Regarding Forward Looking Information

This news release contains statements which constitute “forward-looking information” within the meaning of applicable securities laws, including statements regarding the plans, intentions, beliefs and current expectations of the Company with respect to future business activities and operating performance.

Often, but not always, forward-looking information can be identified by the use of words such as “plans”, “expects”, “is expected”, “budget”, “scheduled”, “estimates”, “forecasts”, “intends”, “anticipates”, or “believes” or variations (including negative variations) of such words and phrases, or statements formed in the future tense or indicating that certain actions, events or results “may”, “could”, “would”, “might” or “will” (or other variations of the forgoing) be taken, occur, be achieved, or come to pass. Forward-looking information includes, but is not limited to, information regarding: (i) the business plans and expectations of the Company; and (ii) expectations for other economic, business, and/or competitive factors. Forward-looking information is based on currently available competitive, financial and economic data and operating plans, strategies or beliefs as of the date of this news release, but involve known and unknown risks, uncertainties, assumptions and other factors that may cause the actual results, performance or achievements of the Company, to be materially different from any future results, performance or achievements expressed or implied by the forward-looking information. Such factors may be based on information currently available to the Company, including information obtained from third-party industry analysts and other third-party sources, and are based on management’s current expectations or beliefs. Any and all forward-looking information contained in this news release is expressly qualified by this cautionary statement.

Investors are cautioned that forward-looking information is not based on historical facts but instead reflect management’s expectations, estimates or projections concerning future results or events based on the opinions, assumptions and estimates of management considered reasonable at the date the statements are made. Forward-looking information reflects the Company’s current beliefs and is based on information currently available to it and on assumptions it believes to be not unreasonable in light of all of the circumstances. In some instances, material factors or assumptions are discussed in this news release in connection with statements containing forward-looking information. Such material factors and assumptions include, but are not limited to: the ongoing conflicts in Ukraine and the Middle East and any actions taken by other countries in response thereto, such as sanctions or export controls; and anticipated and unanticipated costs and other factors referenced in the Filing Statement, including, but not limited to, those set forth in the Filing Statement under the caption “Risk Factors”. Although the Company has attempted to identify important factors that could cause actual actions, events or results to differ materially from those described in forward-looking information, there may be other factors that cause actions, events or results to differ from those anticipated, estimated or intended. Forward-looking information contained herein is made as of the date of this news release and, other than as required by law, the Company disclaims any obligation to update any forward-looking information, whether as a result of new information, future events or results or otherwise. There can be no assurance that forward-looking information will prove to be accurate, as actual results and future events could differ materially from those anticipated in such statements. Accordingly, readers should not place undue reliance on forward-looking information. Should one or more of these risks or uncertainties materialize, or should assumptions underlying the forward-looking information prove incorrect, actual results may vary materially from those described herein as intended, planned, anticipated, believed, estimated or expected.
